1. The second edition of the 3-day grand expo focused on International b2b exhibition-cum-conference connecting all stainless steel stakeholders and end-users under one roof - manufacturers, buyers, influencers, regulators, various industry associations and media. The main objective of the expo was to create a mega platform for the stainless steel industry to connect, network and explore business opportunities. The expo was a crossroad where the entire stainless steel industry came together to showcase the latest developments in the industry, share knowledge and expertise, participate in discussions on new-age cutting edge technologies.
2. GSSE 2023 was inaugurated by esteemed dignitaries which included Chief Guest, Shri Hemant Sharma, Principal Secretary, Industries, Government of Odisha, Shri Abhyuday Jindal, Managing Director, Jindal Stainless Ltd., Dr. Aruna Sharma, GSSE Steering Committee Member and Former Secretary, Ministry of Steel and Smt. Anitha Raghunath, Director, Virgo Communications and Exhibitions.
3. In his inaugural address, Shri Abhyuday Jindal, Managing Director, Jindal Stainless and Title Partner said, "It won't be an exaggeration to say that stainless steel is omnipresent, and even for a big event like the G20, stainless steel adorned the roads. Be it the art installations in Lutyens Delhi or the security barriers, stainless steel made its presence felt. It was a historic moment to witness stainless steel reach the moon when the Chandrayaan-3 made a soft landing on the lunar surface recently." He also touched upon the industrial park in the making in Odisha by his company and said it is the first-ever stainless steel Industrial Park in India with the vision to strengthen the industry. He stated that "Opportunities for stainless steel are plenty but the growing industry concern is about challenges like subsidised imports from China that are dumped into the domestic market and have reduced our MSMEs from manufacturers to traders".
4. Chief Guest, Shri Hemant Sharma, Principal Secretary, Industries, Government of Odisha and State Partner quoted "Odisha is making significant contributions to the stainless-steel sector and the minerals sector. Being the largest producer of iron ore and bauxite in India is indeed a noteworthy achievement. Odisha's status as the largest producer of iron ore and bauxite showcases its rich mineral resources. This positions the state as a critical player in the raw materials supply chain for various industries, including steel and aluminium". He announced "Jindal Stainless Steel Plant is a massive 1.2 MTPA stainless steel plant and the proposed plant expansion to 3.2 MTPA by Jindal Stainless Limited (JSL) in Odisha is a game-changer. This investment represents a substantial commitment to the stainless-steel sector in the state and will likely contribute to its growth and prominence in the industry". He said the Industrial Park should generate employment for at least 10,000 people with 75-80 MSMEs setting up their factory. In the next 2-3 years, downstream industry in tubes, pipes and structural manufacturers will set up their units followed by other industries. He said their expectation is that 2-5 lakh tonnes of 20 lakh tonnes of stainless steel manufactured will be converted into value added products within the State. The State of Odisha partnered with the Global Stainless Steel Expo (GSSE 2023) to make it the preferred destination in the world with rising interest from stainless steel industry towards investing in Odisha.
5. The Government of Odisha is the fastest growing economy in the country and also the largest stainless steel producer in the country, accounting for more than 20 per cent of the country's crude steel production capacity. Odisha's partnership with GSSE provided the state with an exclusive opportunity to interact with more than 150 stainless steel producers and 10,000 distributors, stockist and end users' industry from 25 states and 30 countries who were present at the expo.
6. At the event, the Odisha Government unveiled an ambitious Special Subsidy Scheme to boost the stainless-steel Industry within the state further solidifying Odisha's commitment to becoming the 'Stainless Steel destination' for the world. Regarding the salient features of the scheme, the Chief Guest said: "Under this scheme, businesses investing in the stainless steel downstream sector in Odisha will receive a substantial 20 per cent capital investment subsidy on their investments. This lucrative incentive is designed to stimulate growth and innovation within the sector". The state government of Odisha will provide the subsidy over a period of 5 years and there will be no cap on the investment limit. The scheme also provides for businesses operating in the stainless steel downstream sector a power tariff subsidy of Rs 2/unit and a 100 per cent exemption on electricity duty, a move which will significantly reduce the operational costs of the entities and enhance the overall competitiveness of the industry". To further support the workforce and promote job creation, the scheme provides for a 100 per cent reimbursement of Employee State Insurance (ESI) and Employee Provident Fund (EPF) contributions for up to five years, and land allocation for projects on a priority basis". These industry development schemes position the state as a critical player in the raw materials supply chain for various industries, including steel and aluminium.

7. Smt. Aruna Sharma, Chairperson, Steering Committee of GSSE and Former Secretary, Ministry of Steel said “GSSE has tremendously helped to educate end-user industries about the possible usages of stainless steel and advantages of using the metal. These type of focused industry events not only go a long way for the cause of nation building but also serve to skill the youth for installation and maintenance of stainless steel products. A detailed white paper will be released post the event to highlight the achievements of the industry, policy recommendations, new areas of demand and the way forward for the growth and development of the industry”.
8. Smt. Anitha Raghunath, Director of Virgo Communications & Exhibitions, the organizer said “The demand for stainless steel in India is expected to grow at an average of 9 to 10 per cent per annum over the next few financial years, thus doubling the growth rate of 4.5 per cent in the last five financial years”.
9. A special research report on stainless steel titled ‘Stainless Steel in India’s Amritkal – Trends, Triumphs and Transformations’ a joint initiative by GSSE & SteelMint was unveiled at the event. According to the report, the stainless-steel industry struggled to regain equilibrium due to the lingering impact of weakened global and domestic demand. This demand contraction reverberated throughout global melt-shop production, with the first quarter of CY23 witnessing a 5% year-on-year decline to 13.66 million tonnes (mnt). China led this dip with 8.27 mnt. The report also underlined that the Indian Stainless-Steel industry quickly recovered by FY23, reaching about 3.5 mnt. Looking forward, SteelMint’s forecasts were intriguing, estimating demand to rise to 4.5 mnt by FY25.
10. During the inauguration, a compelling Audio-Visual presentation titled “**110 Years of Stainless Steel: A Journey of Innovation and Durability**” was screened. This AV provides a comprehensive overview of the milestone commemorating 110 years of excellence in stainless steel manufacturing. The inauguration ceremony, held on 14 September 2023, marked a significant moment in the industry of stainless steel history. Distinguished guests, industry leaders, and key stakeholders gathered to celebrate this remarkable achievement.
11. Topics like Emergence of Brand India for stainless steel, Enhancing Exports and Fostering Emerging Markets, Demand Creation, Emission Targets, Exports, Skill Development, Research & Development (R&D), Welding & Corrosion, Applications in Railways, Defence & Aerospace, Architecture, Building & Construction, Introduction of new Technologies crucial for the sector were also deliberated in focused sessions during the concurrent Conference.
12. A CEO Round table meeting chaired by Shri Hemant Sharma, Principal Secretary, Government of Odisha and Co-Chaired by Smt. Aruna Sharma, Former Secretary, Ministry of Steel with 20 leading CXO’s was held on opening day to discuss emerging industry trends, help to lay down a road map for accelerating stainless steel growth in India and devise ways to reclaim India’s position as the second largest stainless steel producer in the world.
13. GSSE 2023 witnessed the participation of key stakeholders from the stainless steel ecosystem and was well supported by leading trade associations / bodies like Stainless Steel Pipe & Tube Manufacturer Association (SSPTMA), All India Stainless Steel Industries Association (AISSIA), Stainless Steel Merchants Association (SSMA), Process Plant & Machinery Association of India (PPMAI) and Non-Ferrous Metals Association-Karnataka (N’MAK).
14. GSSE managed to draw diverse stakeholders, key decision makers, CXO’s and distributors and decision makers to exhibit, network and learn other industry leaders from across the globe. It served as a perfect platform to showcase India and presented a unique opportunity to explore, network, discuss investment opportunities in the world’s second fastest growing market.
15. A comprehensive Advertising and extensive coverage plan was well executed with more than 20 leading Media / Publication to target key industries like Construction, Infrastructure, Railways, Metro Trains, Water Distribution, Alcobev, Elevators & Escalators, Petrochemicals & Refinery, Dairy, Chemical & Pharma, Machine Tools & Equipment manufacturing.
16. GSSE got wholehearted support from India’s stainless steel industry to augment and align with Ministry of Steel’s vision for Atmanirbhar Bharat, Vocal for Local, PLI scheme, MSME focus and Brand India.
17. GSSE attracted a total of 8500 trade visitors from more than 25 States and 30 countries.

## STAINLESS STEEL IN INDIA'S AMRITKAL TRENDS, TRIUMPHS AND TRANSFORMATIONS

The stainless steel industry in India is a vibrant blend of big companies, mid-sized players, and dynamic MSMEs, which contribute around 30-40% of the industry's capacity. Over the years, demand for domestic flat stainless steel (melt) has followed a steady trajectory, growing at an average of 5% from 2015 to 2023. Looking forward, SteelMint's forecasts are intriguing, estimating demand to rise to 4.5 mnt by FY25 and a remarkable 6.5 mnt by FY30, driven by a strong CAGR of 9%. The thriving infrastructure sector is expected to play a pivotal role in this growth story.

While the industry's total capacity is around 6.2 - 6.4 mnt for both long and flat products, the utilisation rate stands at 50-60%. Around a third of the 3.2 mnt of domestically consumed stainless steel flat products in FY23 came from imports, primarily from China and ASEAN countries, totalling 1 mnt in FY22-23.

The Indian stainless steel market is poised for growth across multiple segments. Factors like the government's emphasis on infrastructure modernisation, the 'Atmanirbhar Bharat' initiative, Make in India, and production-linked incentive (PLI) schemes are expected to drive demand. Additionally, the introduction of new age applications in architecture, process industry, and transportation will contribute to the continued growth of stainless steel consumption in India. In conclusion, stainless steel usage in India is diverse and expanding, with strong demand expected in consumer goods, pharmaceuticals, construction, transportation, and other sectors, driven by a combination of industry-specific needs and government initiatives.

## HIGHLIGHTS

- India is the fastest growing stainless steel market
- India has emerged as second largest producer of stainless steel in the world
- India is also one of the leading stainless steel exporting nations in the world
- Tremendous changes in perception of SS has opened many new areas of applications in various sectors
- The consumption of stainless steel in India has grown almost 10 times in the last two decades
- Stainless steel usage is widespread and increasingly visible in sectors like Architecture, Building & Construction (ABC), Automotive, Railway and Transportation (ART) and Chemical & Food Processing

The meeting commenced with opening remarks from **Shri Hemant Sharma, IAS, Principal Secretary, Govt. of Odisha** who Chaired the meeting. He stated that the government truly believes that stainless steel is very important for nation-building. He said that other industries need to be educated about the key advantages of stainless steel over other materials due to its inherent properties. Platforms like GSSE help end-user industries to remain Profitable by discovering applications for their needs and addressing Environmental issues. He reiterated that stainless steel production in the country needs to be accelerated in order to lower imports and meet future demand. He advised that many items need to be substituted with stainless steel which in turn will also encourage exports. He advised to have a futuristic outlook, collaborative approach and calibration to strongly focus on:

- Category Recognition
- Importance of an inclusive Ecosystem
- Create Awareness & Upgrade Skill sets

**Dr Aruna Sharma, Chairperson of, the GSSE Steering Committee and Former Secretary of, the Ministry of Steel** who Co-chaired the meeting said that a huge opportunity exists to expand the domestic market as India produces stainless steel at the lowest cost. However, considering the influx of imports and dumping from other producing countries government support is crucial. With regard to the end-user industries, it is very important to educate the decision-makers about the importance of using stainless steel.

**Shri Vijay Sharma, Director, GSSE 2023 Steering Committee member** was moderating the meeting. He stated that educating industries about the difference between Steel & Stainless Steel is very important. Stainless Steel which is about 3% of the Steel industry requires Advocacy and favourable Government Policies considering the huge Infrastructure push for pan India projects being planned by the Government. Also, framing a basic guideline that materials should be made available on a life cycle basis where not only cost but also standardisation will be a key differentiator. And the same standards to be maintained. Awareness about Stainless Steel to be done for increased usage.

**Shri Rajeev Sherry, MD, Outokumpu India** said companies and the Government need to focus on developing more and more industry applications to create awareness and the industry needs to work on strategies on how to increase the use of Stainless Steel in India. A starting point can be to study/ research on which applications are there in developed countries, which can be replicated in India.

**Shri Abhyuday Jindal, MD, Jindal Stainless** mentioned that as industry leaders with more than 60% market share, they have already taken the lead and done Collaborations and road shows with various industries and companies for increased usage of Stainless Steel. They already have many Experience Centres and also successfully developed many end-user industry applications. And, also working on developing several new industry applications. He stressed the need of the hour to have collaborative efforts amongst industry companies as the Government follows a data-driven approach to the no. of people/industries that are ready to switch completely to Stainless Steel. However, due to no serious efforts or intent amongst industry members, unfortunately, there isn't any data available. He categorically stated that many companies talk about joint collaborations for the business of Stainless Steel in big industries but there is a lack of joint collaborations from these companies if there is no Profitability. Many times, the companies even back out or won't stay in the fight to make use of stainless steel completely if they don't see any Profit. And, all these processes take a lot of time like years and require a lot of Patience. He added that having manufacturing standards, business standards, and all the processes in making Stainless Steel a preferred metal of choice – Standards are very very important. The pipes and tubes company struggled a lot before to make an impact in the market, but they did it. It should be the same in all the industries as well.

**Shri Shubatosh Bannerjee, Vice President, of Aperam Stainless Solutions** suggested that Stainless Steel should be promoted more for Design aesthetics and a collective industry approach was essential to grow the Indian market more.

**Shri Kushal Bhansali, ISDO** suggested to have increased Customer Experience Centres and Cluster Development for increased Awareness and Consumer feedback.

**Shri Yatinder Suri, a member of, the GSSE 2023 Steering Committee** member suggested the need to focus on the Education aspect and impart Training and skill Development to meet the growing demand.

**Shri C. P. Gupta, MD, Ambica Steels** opined that Policy Advocacy needs to be an ongoing process and they have been conducting Training and Skill Development through Welding Centres regularly.

**Shri Abhishek Madan, General Manager – Int'l Marketing, Synergy Steels** mentioned that increased industry Applications, Research and development, and learning from other countries should be implemented more in India through the entire ecosystem and government participation to grow the market for Stainless Steel.

**Shri Kartik Shah, Director, of Shah Foils** suggested addressing Environmental clearance issues (Even if no Pickling). He also mentioned the need for the Government to introduce Incentives for Technology Upgradation.

**Shri Lokesh Agarwal, Vice President, Rimjhim Ispat** suggested studying the Impact of dumping into India by other countries. He also suggested to introduce an Incentive structure for Fabrications that can propagate the usage of Stainless Steel as an alternate solution to various industries. Also, a dedicated desk to address industry issues was an imminent need to address various challenges being faced by the industry.

**Shri Deepak Kumar, Director, PS Raj Steel** mentioned about understanding users' requirements and growing the market. He also raised the issue of the availability of Stainless Steel Equipment.

**Shri Parin Mehta, Blumet Tubes** raised the issue of delays in GST refunds from the Government which creates working capital issues for MSME's. He was of the opinion that MSME's need hand-holding by policymakers and a majority of them are not keen to develop Exports (which is the focus of the Government) if the loans from banks remain expensive. The meeting concluded with a Vote of Thanks by Smt. Anitha Raghunath, Director, Virgo Communications and Exhibitions, the organisers of GSSE 2023.

List of Dignitaries at CEO Roundtable – 14th September 2023			
Chair			
1	Hemant Sharma, IAS	Principal Secretary, Industries Department	Government of Odisha

## THEME

### STAINLESS STEEL : CREATING A GREEN AND SUSTAINABLE FUTURE

Knowledge sharing is one of the key highlights at GSSE which presents a huge opportunity to learn and discover the potential usage of stainless steel in 200+ end-user industries. At the concurrent conference, 11 sessions were conducted on varied topics involving power point presentations and participation of a very seasoned selection of 45+ industry leaders and experts.

## DIGNITARIES

GSSE Expo is bringing all the stainless steel manufacturers big and small together. India is the second largest producer of stainless steel as well as a consumer of stainless steel with a high scope of expansion.

**- DR. ARUNA SHARMA, CHAIRPERSON GSSE STEERING COMMITTEE AND FORMER SECRETARY, MINISTRY OF STEEL**

We are very happy to collaborate and participate in the Global Stainless Steel Expo 2023. These product expo shows are extremely important to bring the producers and users together. While manufacturers continue to innovate and bring new products, the only way to increase knowledge and awareness for the buyers and consumers is to do it on such a platform, otherwise it is very difficult for the market to grow. Therefore, such expos provide a good opportunity to bring all these stakeholders together.

**- HEMANT SHARMA (IAS), PRINCIPAL SECRETARY INDUSTRIES, GOVT OF ODISHA - STATE PARTNER**

## PARTNERS / EXHIBITORS

I think these trade shows that we are a part of are extremely critical. It is a platform where industry leaders, domestic downstream players, international players along with policy makers can come together on one platform. It showcases the kind of potential and futuristic ideas the industry has.

**- ABHYUDAY JINDAL, MANAGING DIRECTOR, JINDAL STAINLESS LIMITED - TITLE PARTNER**

I am very upbeat about this three-day event, and I look forward to many more. This event has a lot of opportunity, and offers participants plenty of business interactions. The environment is good with a huge footfall. The best part are the knowledge sessions being handled by the experts in various segments, right from aerospace and defence to the mass consuming items like utensils and hollow ware. It's good to be here.

**- VIJAY SHARMA, DIRECTOR, JINDAL STAINLESS LIMITED - TITLE PARTNER**

Overall, this year's exhibition was very good. It was bigger in size and number. Had many fruitful business opportunities. I wish to visit the next year exhibition as well.

**- LOKESH AGARWAL, VICE PRESIDENT, RIMJHIM ISPAT LTD - TITANIUM PARTNER**

It's good to be here at this exhibition. We have had so many opportunities, and met many new acquaintances. It's really good to be here. Thank you.

**- VINOD GUPTA, JOINT MANAGING DIRECTOR, LAXCON STEELS LIMITED - PLATINUM PARTNER**

GSSE exhibition is one of the premier events in India, which brings all the buyers and sellers together on one platform. This enhances the business and new growth opportunities as well as the understandings of future markets, and the current scenario, which helps the business we are going to do for the next couple of years. So these sort of events are absolutely necessary for promoting business with proper ideas and prospects. So I wish the entire organization team the very best for organizing this event on such a large scale, and we have had almost 1,000 buyers and sellers.

**- S K CHANDA, HEAD MARKETING, SUNFLAG IRON & STEEL COMPANY LIMITED - DIAMOND PARTNER**

Stainless steel is now a preferred material of choice for any end user industry and that's the reason we are at GSSE. As a company, we are expanding and domestic market will be a key market for us because growth here is much more than what the global market is expected to grow.

**- RAKESH CHAUHAN, DEPUTY MANAGING DIRECTOR, VIRAJ PROFILES - DIAMOND PARTNER**

We are participating in this exhibition and conference for the second time as gold sponsors and we are very happy the way this event is conducted. It gives us a lot of opportunities to meet our new customers and our existing customers.

**- RAJEEV SHERRY, MANAGING DIRECTOR, OUTOKUMPU INDIA PRIVATE LIMITED - GOLD PARTNER**

It's a great show and we are honored to be part of this show where we get different kinds of customers and suppliers. We enjoyed this show, and we look forward to more shows in future.

**- SANJAY NAIK, DEPUTY GENERAL MANAGER SALES MARKETING, JINDAL SAW LIMITED - GOLD PARTNER**

It is really important for the Indian market to keep holding such exhibitions. This is a great platform to meet new customers as well as get in touch with old customers despite your competitors.

- **CHANDRAGUPT MANGAL, MANAGING DIRECTOR, MANGALAM WORLDWIDE LTD - SILVER PARTNER**

In India, there is a huge growth in infrastructure, and potential for investment in infrastructure projects. Stainless steel has a huge scope especially in the domestic market in India. GSSE is a great platform for connecting buyers to suppliers from the industry.

- **CHAITANYA CHANDAN, DIRECTOR, CHANDAN STEEL LIMITED - SILVER PARTNER**

Places like these and the exhibitions here and abroad hold significant importance because you get the opportunity to meet a lot of new customers, and new suppliers. There is a lot of networking that happens, and you end up seeing what the world is doing about stainless steel with regard to new technologies and innovations; you end up learning a lot. So, whether you are an exhibitor or participant, you end up gaining immense knowledge about what is happening.

- **SHREEVARDHAN RATHI, PROMOTER, RATHI STEEL & POWER - SILVER PARTNER**

These trade shows give you a different kind of exposure as well as you get to learn more things meeting your industry peers, more level of customers and reaching out to those new horizons that are not available from the room of your office.

- **NISHANT GARG, MANAGING DIRECTOR, MAIDEN FORGINGS - SILVER PARTNER**

As far as the stainless steel industry is concerned, there has been a plethora of trade shows that were happening previously compared to that in the last two years. I have personally witnessed a lot of improvement in the organizations of such kind of trade shows focusing on the stainless steel industry in particular. I think that going forward the role which GSSE is playing will definitely create a lot more such platforms for exhibitors like us who can come, participate, share our knowledge and bring an overall improvement, and be a part of this exciting growth.

- **SUNANDA SENGUPTA, EXECUTIVE VICE PRESIDENT, TRL KROSAKI**

This exhibition actually gave me a lot of opportunities to explore lots of local big clients here and I can see that the Indian stainless steel market is going to be very large and very big in the coming five years.

- **MAGGIE RONG CHEN, GENERAL MANAGER, YANGCHENG STAINLESS STEEL MACHINERY**

We had a lot of existing customers, and visitors, under one common platform, so it made it much easier. We came here, we saw a lot of machinery manufacturers, we saw new technologies, so that is also a good thing. And I hope that next time we have this show, we have more foreign visitors.

- **KARAN TAYAL, DIRECTOR, HISAR METAL INDUSTRIES LTD**

This platform allows us to meet everyone at the same location. GSSE is enabling grow together. I wish them all the best. Hope to participate again next year.

- **ALOK GORADIA, EXECUTIVE DIRECTOR, ALOK INGOTS MUMBAI PRIVATE LIMITED**

GSSE in the second year is almost double the size of GSSE, it was in the first year, it's so impressive to see so many different companies from different backgrounds participating this year. And as we can see India is really on the cusp of an unprecedented boom in the stainless steel industry.

- **SHUBHATOSH BANNERJEE, REGIONAL HEAD, APERAM STAINLESS SOLUTIONS**

I feel very very happy to be at the expo, I see a lot of stainless steel companies, meet a lot of friends from the industry and the stainless steel industry in India will expand and grow in the future.

- **CATHY PHAM, EXECUTIVE DIRECTOR, HOANG VU CO. (JOY REAP METAL)**

Coming to places like these, our exposure increases for the people who are visiting for them, it's a great event to get introduced to what new things are coming into a market and what new players are in the market or which players can offer what. So that is a very good platform and I hope that these kinds of exhibitions are happening more in the future.

**-SHITI BHATIA, ASST.DIRECTOR OPERATIONS, BALAJI NIRYAAT PRIVATE LIMITED**

## SPEAKERS & VISITORS

Attending GSSE 2023 was a great experience. I conducted the session on the Railways with eminent persons as panellists like Mr Harsh Dhingra ex country head Bombardier , Mr A k Mishra GM Western Railway, Mr Anil Agrawal maintenance head of DB .

The wonderful ideas for the Stainless industry , and the challenges it faces from the entry of Aluminium were discussed at length . Among audience was the industry partners of Railway Eco Systems. Questions by the audience were relevant too.

**- L.C. TRIVEDI, CEO LCT ENGINEERS AND RETD GM RAILWAY, STEERING COMMITTEE, GSSE**

These types of expos like the global stainless steel expo a good platforms where we can project our requirements and the industry knows what we need so that when we come out with our demand, they are able to supply it and together in the synergy, we can provide better service. So, this is an excellent platform, for all of us, thank you very much.

**- A. K. MISRA, GENERAL MANAGER, WESTERN RAILWAYS**

These kinds of exhibitions are basically very good showcasing to show their strength as well as provide us with a simple platform to find out what is the spectrum of steel development.

**- RAGHAVENDRA TIWARI, SCIENTIST, BARC**

This exhibition brings us very close not only to the manufacturers, but also depends on so many other ancillaries like you have the welding people, you have the tube milling people, you have testing people, and plate manufacturing people. So there are lots of people who are here, we get a ready-made on the spot information, how the steel is being made, what quality is being made, what categories and how the availability it is.

**- MRINAL DAS, SENIOR VICE PRESIDENT, DORF KETAL CHEMICALS**

I am very proud and happy to see the exhibition is organised by massive efforts by the organisers and all the top companies from the world are present here today, to popularise stainless steel and with the industry and public

**- DR. KAMACHI MUDALI, DISTINGUISHED SCIENTIST, CHAIRMAN & CHIEF EXECUTIVE, GOVT. OF INDIA**

As you know, India is a booming market for stainless steel wire rods and raw materials, and this is a better opportunity to come and get a market of stainless steel wire rods from India to UAE.

**- SHYAM NAIR, HEAD OF OPERATIONS, KHK STEELS, UAE**

The importance of this show is that, in one single day we can meet all our strategic partners and suppliers to discuss the present situation and the evolution.

**- XAVIER GUAL, CEO AND FOUNDER, GUAL STEEL**

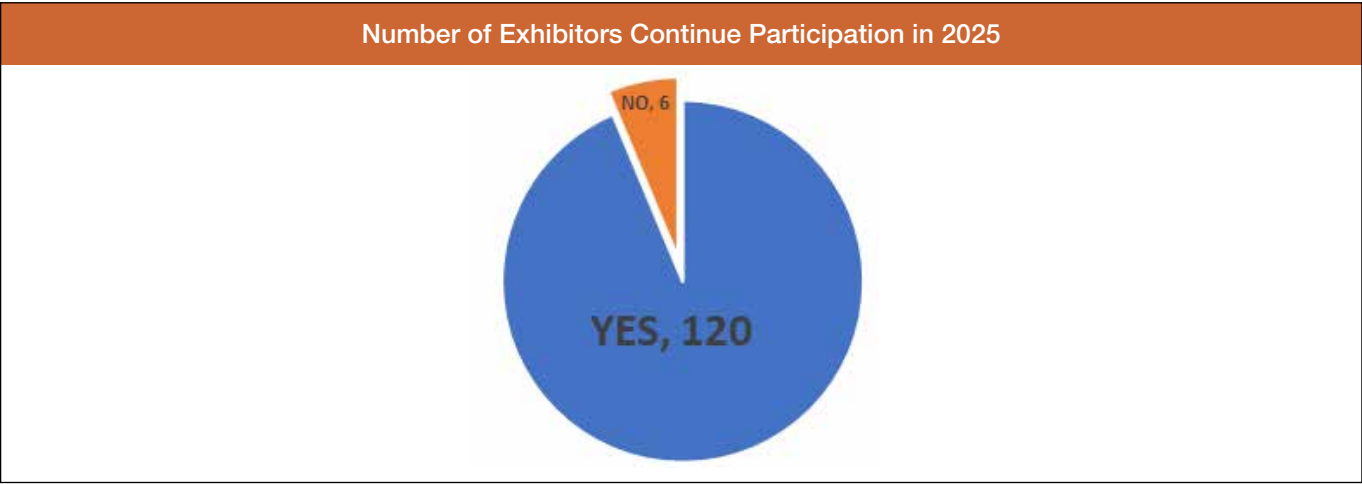

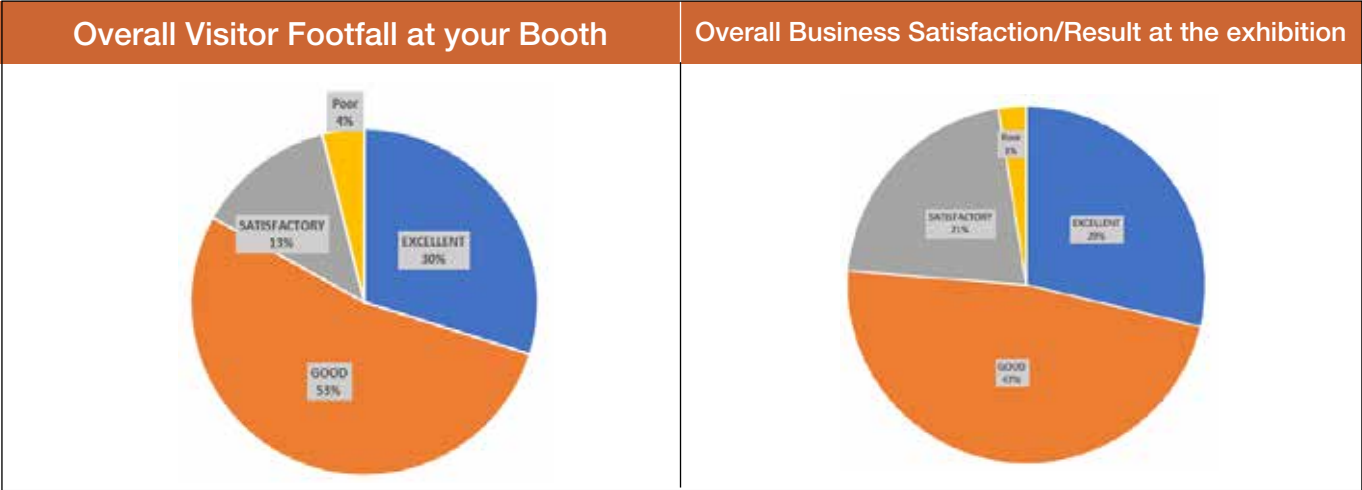

I'm very grateful to GSSE for organizing such an event to add more clients to our company to make partnership with the Indian company.

**- ASIT SWARNAKAR, COMMERCIAL REPRESENTATIVE, B G METAL TRADES, PANAMA**

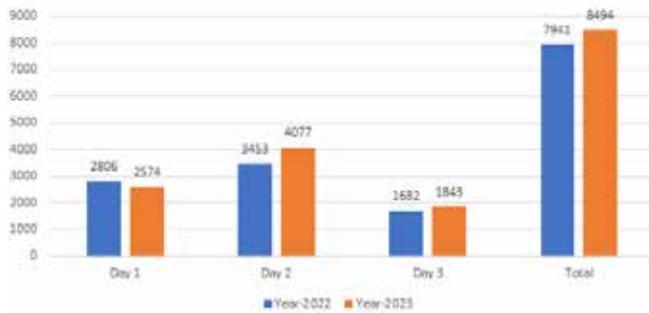

GSSE exhibition is very important for the stainless steel market. I had a good experience meeting suppliers, manufacturers and producers from the stainless steel industry.

**- GIORGIO ARSUFFI, FOUNDER & CEO, LUNO INOX BERGAMO, ITALY**
